

An extraordinary facility,
where extraordinary products
come to life.

PRECISION
MEDICAL PRODUCTS, INC.

Call us at (717) 335 3700 or visit www.pmp.net

What comes in to Precision Medical Products as a brilliant idea leaves as packaged medical devices. By integrating many technologies, including metalworking, injection molding, passivation, washing, assembly and packaging operations all under one roof, PMP is able to manufacture medical devices more cost effectively. We're ISO 13485 certified, and with over 50 years of success, can provide the expertise you need to bring your innovative device to market.
